Virginia's Energy Efficiency Potential

VAEEC Spring 2020 Forum

Event Agenda

2020 Legislative Session 12:00-1:00 pm

➤ Virginia's Energy Efficiency Potential 1:00-1:30 pm

Virtual Networking *Sponsored by*  1:30-2:00 pm
COMMUNITY
HOUSING PARTNERS

Leveraging Energy Data from Start to Finish 2:00-3:00 pm

Achieving High-Performance Buildings 3:00-4:00 pm

Presentation Outline

Progress & Accomplishments

VAEEC's Brand New Member Portal

2020 Virginia Energy Efficiency Leadership Awards

VAEEC Board Elections

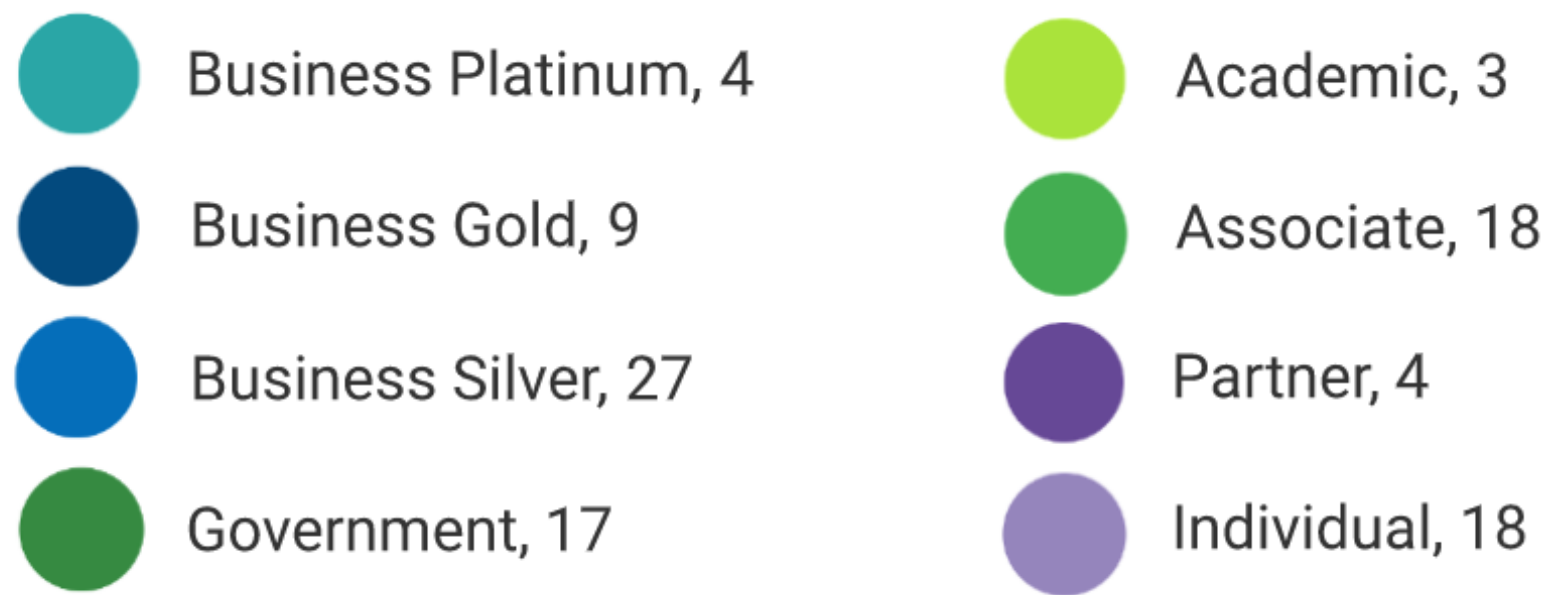

Virginia Energy Efficiency Council

Progress & Accomplishments

*Advancing energy efficiency
throughout the Commonwealth*

Virginia Energy Efficiency Council

2019 Membership Breakdown

2019 Program Highlights

C-PACE

- The VAEEC released GIS maps of C-PACE eligible properties in ten Virginia localities.
- Five localities enacted C-PACE ordinances.
- One locality launched a new C-PACE program.

Utility EE

- The VAEEC participated in the Dominion Energy DSM proceeding in support of all eleven programs
- For the first time ever, the SCC approved all programs for five years at the requested budget.

Building Codes

- Duct-blast testing for all new home construction went into effect.
- The VAEEC and our members successfully negotiated for blower door testing in all new construction in the current draft code.

2020 Updates

General Assembly

Passed the Virginia Clean Economy Act, on-bill tariff program for electric coops, statewide C-PACE administration program, and a benchmarking mandate for state government buildings.

Local Government

We began developing a resource guide to help local governments implement energy efficiency strategies and programs that fit their communities. The guide will launch this summer.

Database

We are currently switching to a new customer relationship management system, which will allow us improve our member engagement.

Member-Exclusive Resource

Introducing the VAEEC Member Portal

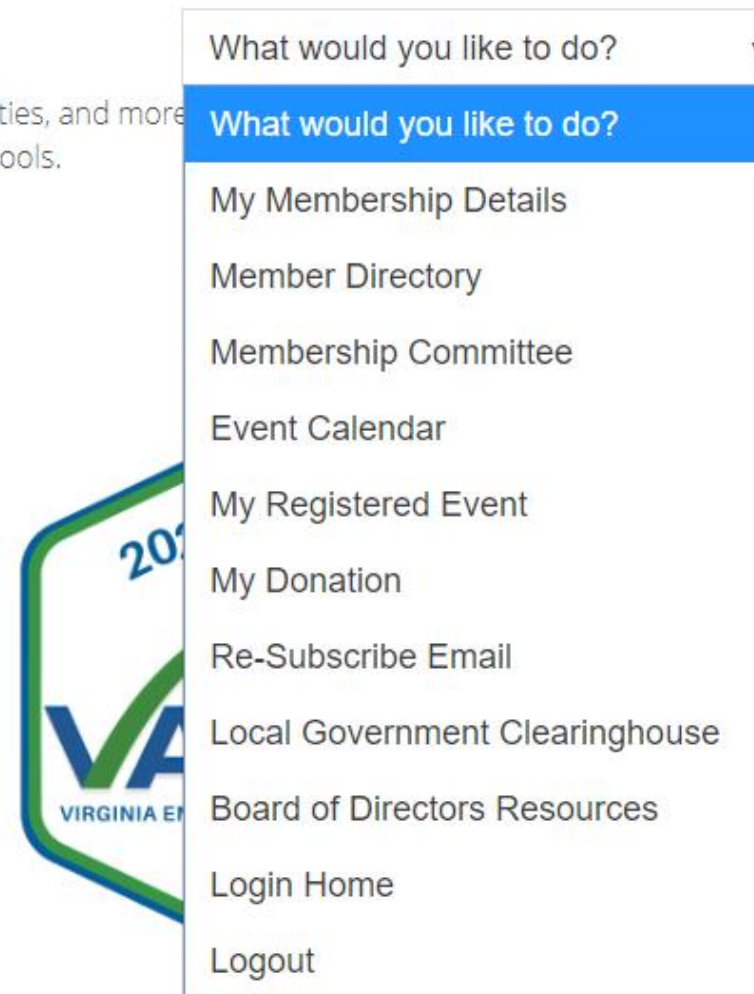

*Your one-stop shop to make the
most of your VAEEC membership*

VAEEC Member Portal

Welcome Member

Welcome to the VAEEC Member Resource Portal, a place for us to share updates, blog posts, webinars, opportunities, and more. Use the drop down menu to the right to navigate to your membership information, event registration, and other tools.

Frequently Accessed Pages

- Improved Member Directory and Event Calendar
- Register for events
- Renew your membership
- Add employees to your membership
- Access committee or membership resources
- Submit success stories

Roll out on June 1st, 2020

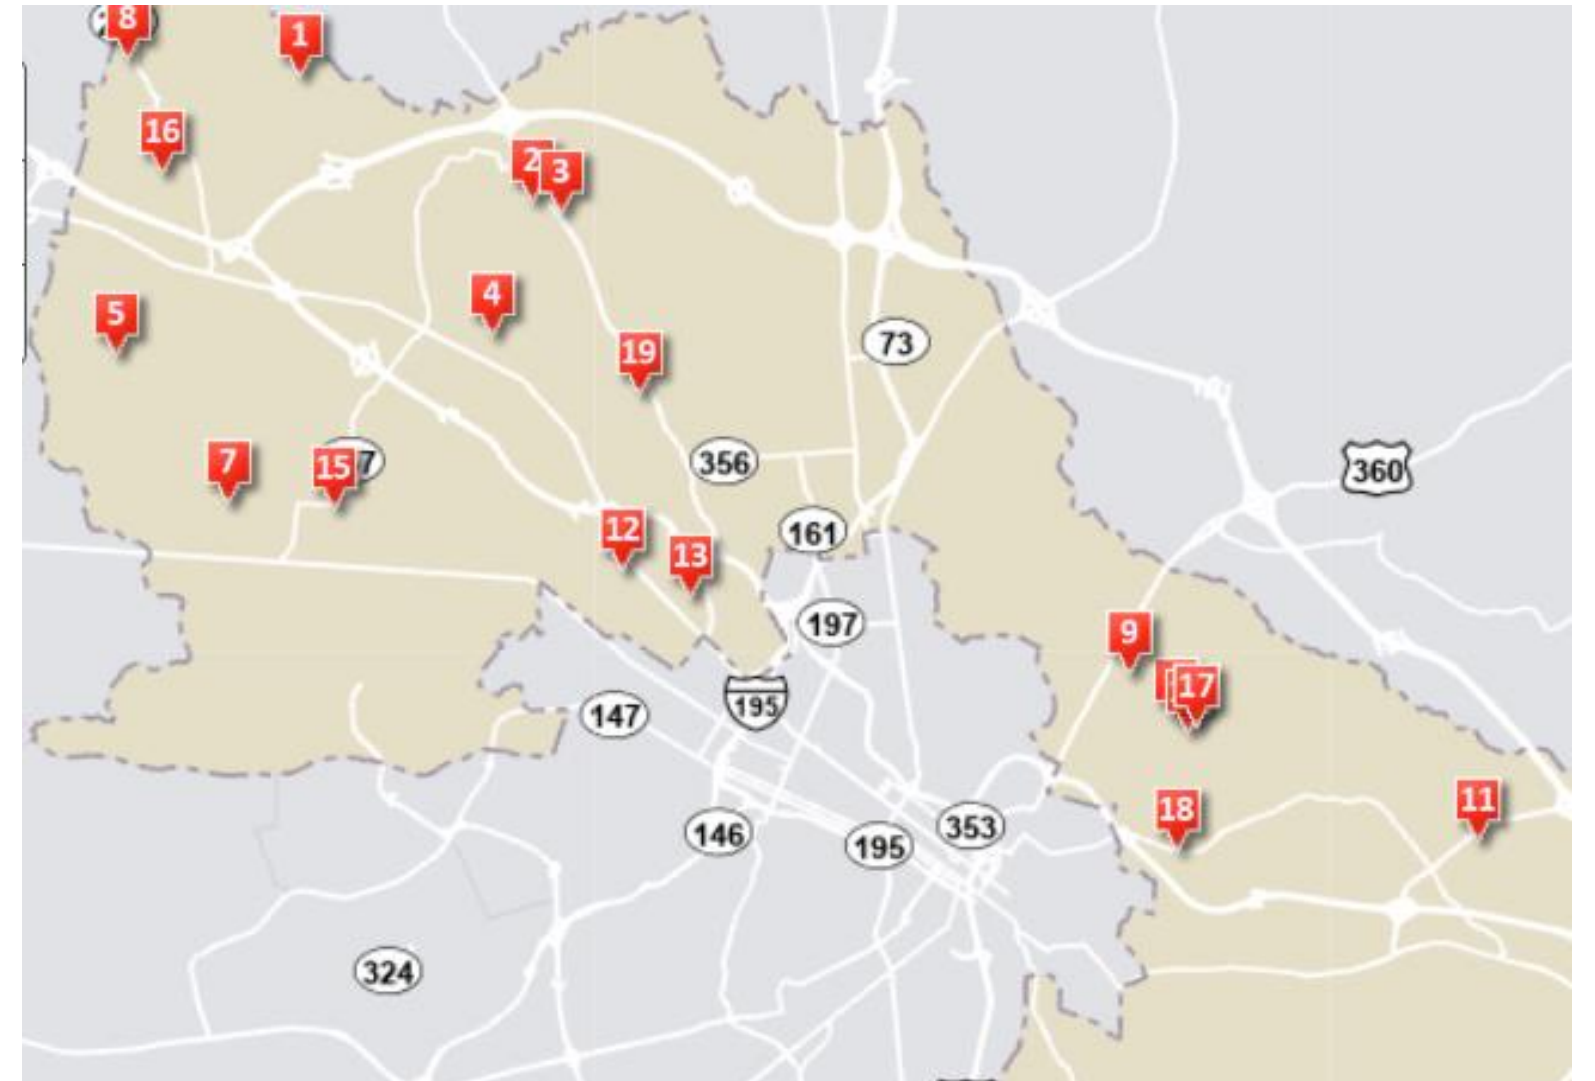

5th Annual

Virginia Energy Efficiency Leadership Awards

*Showcasing innovative projects or programs that
demonstrate an outstanding or unique contribution to
energy efficiency beyond that which is to be expected*

Henrico County's LEED Certified Buildings

- Since 2011, the County has built or renovated 16 government buildings and schools to LEED certification standards.
- Six registered projects are currently pursuing certification.
- Projects are modeled to reduce energy use by approximately 30% compared to buildings built to the energy code.

Holman MS - Silver 2011

Glen Allen HS - Gold 2011

Glen Allen Library - Silver 2012

Firehouse 12 - Gold 2012

Firehouse 13 - Gold 2013

Eastern Rec Center - Silver 2014

Gayton Library - Silver 2014

Kaechele ES - Silver 2014

Firehouse 7- Silver 2014

East Health Clinic - Gold 2015

Firehouse 3 - Silver 2016

Firehouse 10 - Gold 2016

Libbie Mill Library - Silver 2017

Varina Area Library - Silver 2017

Firehouse 9 - Gold 2017

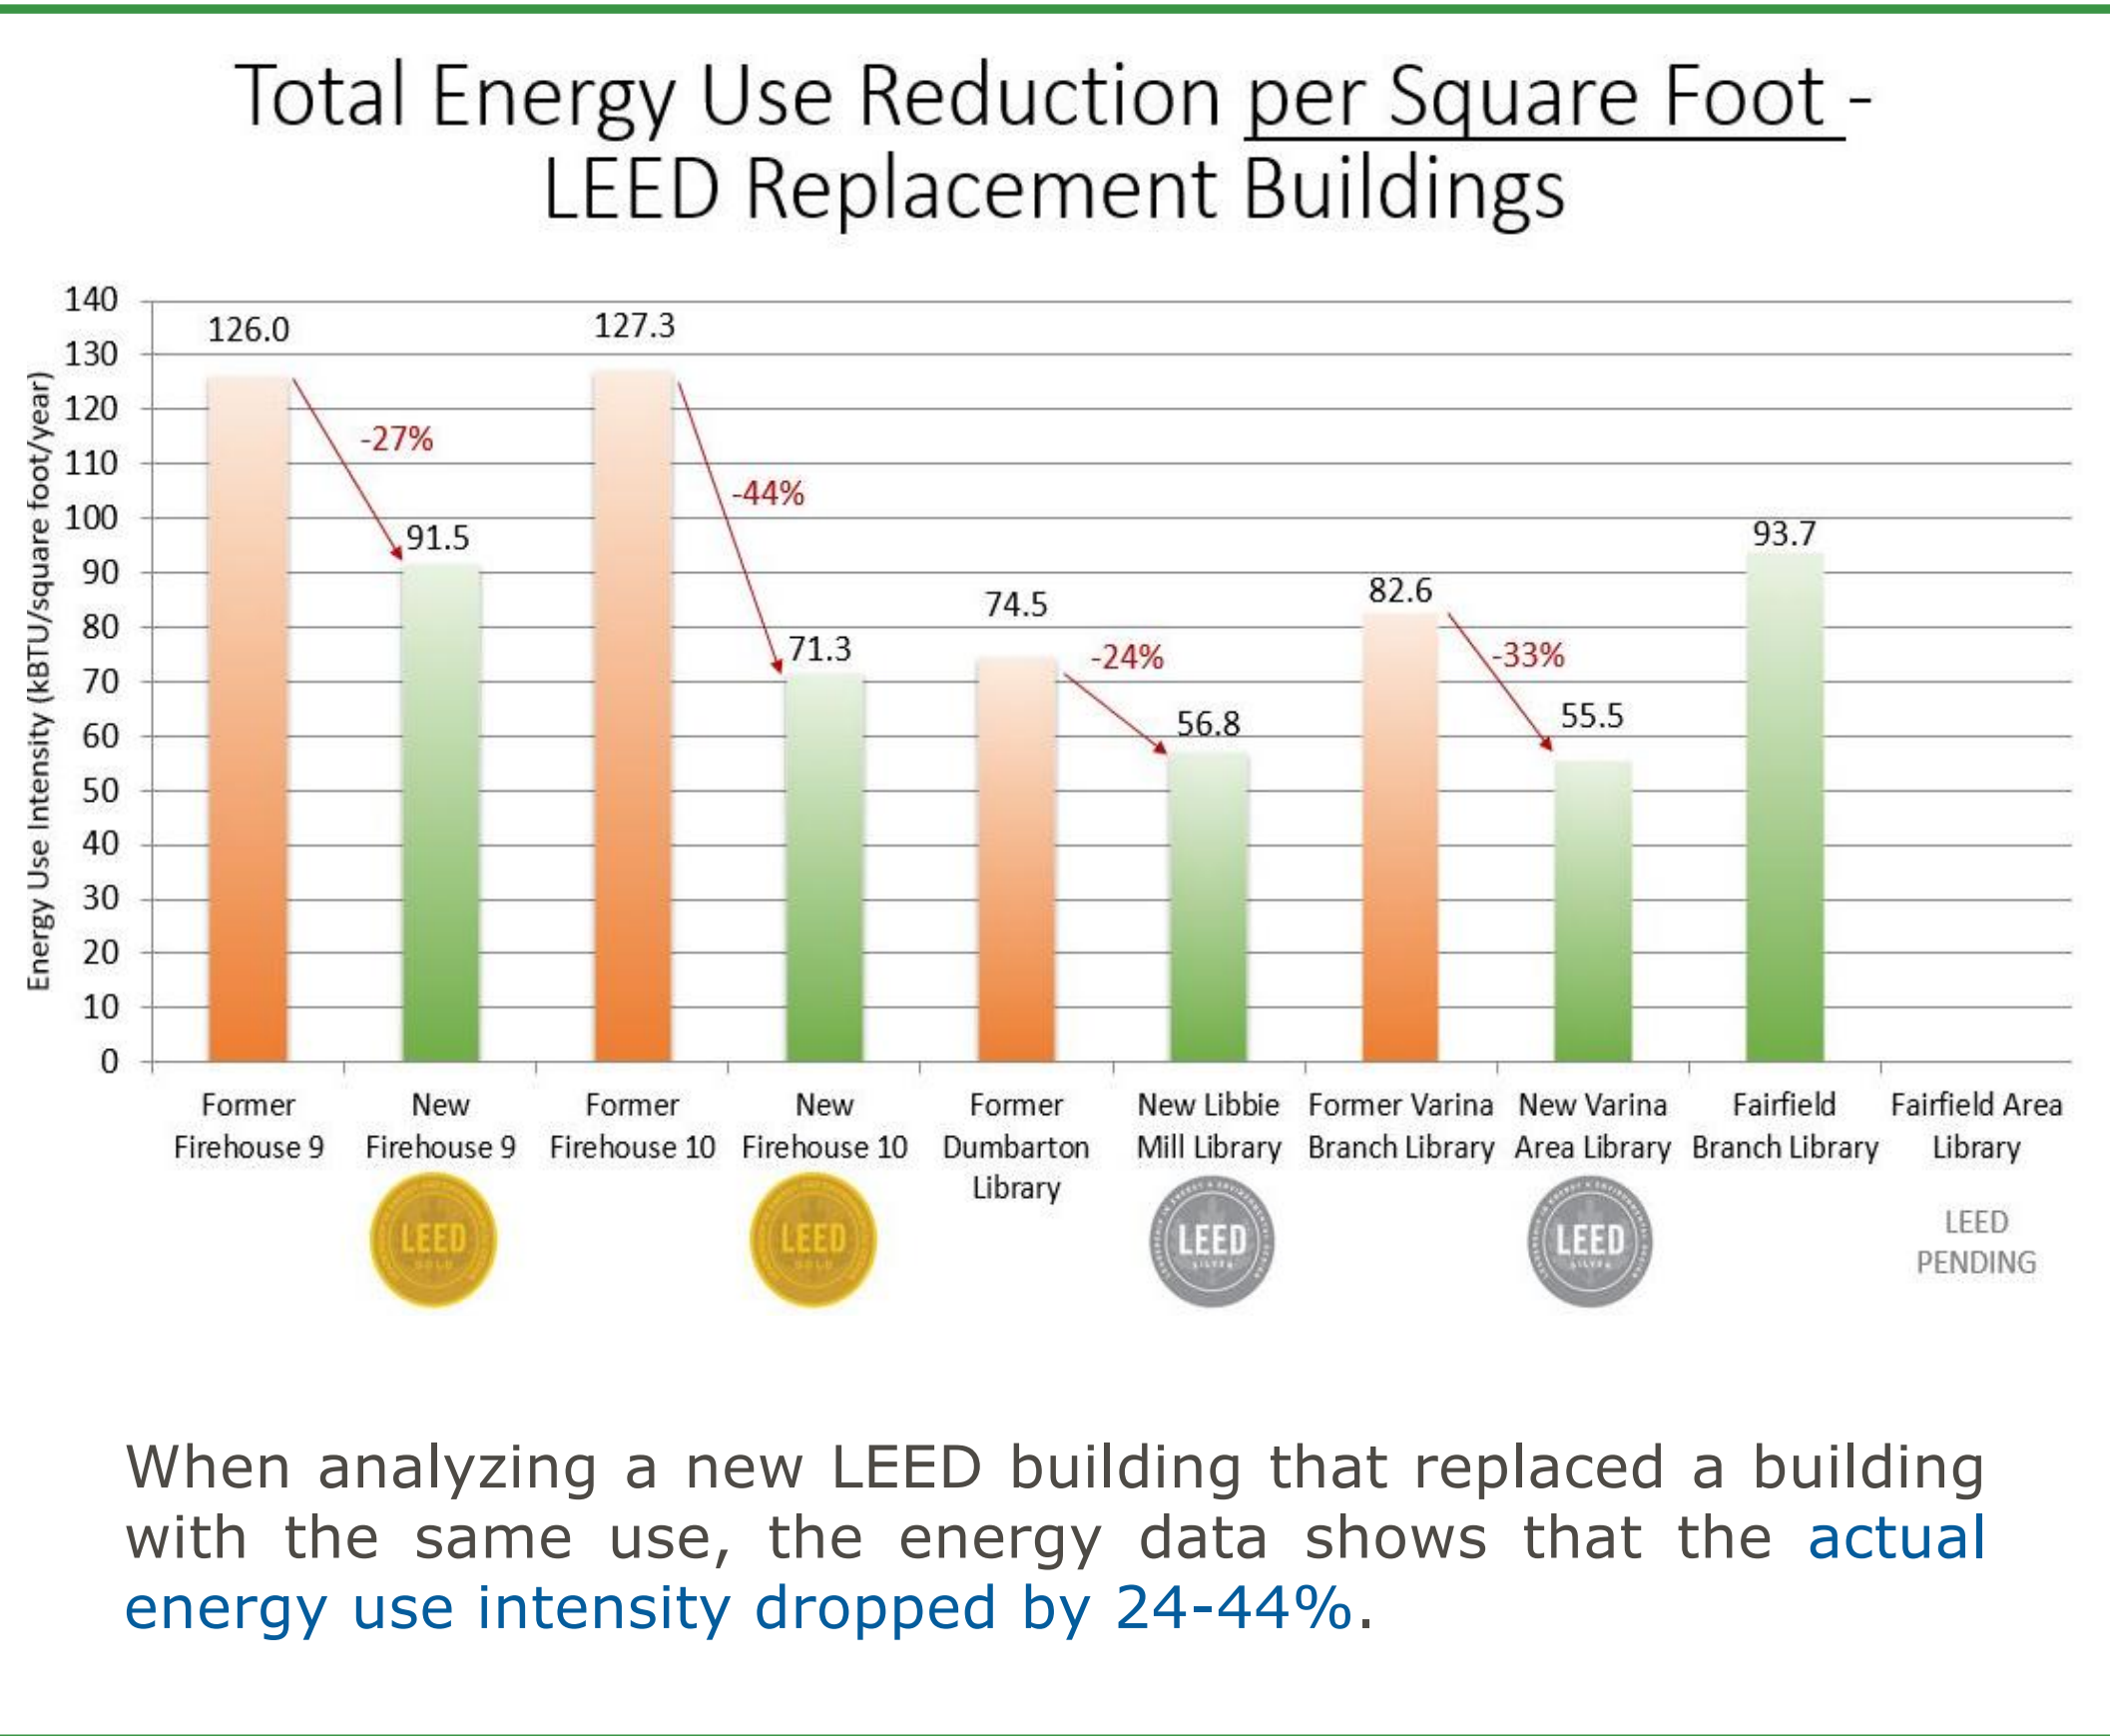

Firehouse 19 - Gold 2019

Henrico County's LEED Certified Buildings

"Our standard of LEED green building certification for eligible capital projects enforces Henrico County's commitment to environmental stewardship, energy use reductions, and enhancing quality of life for its employees and residents."

– Carrie Webster, Energy Manager

UVA's Delta Force Program

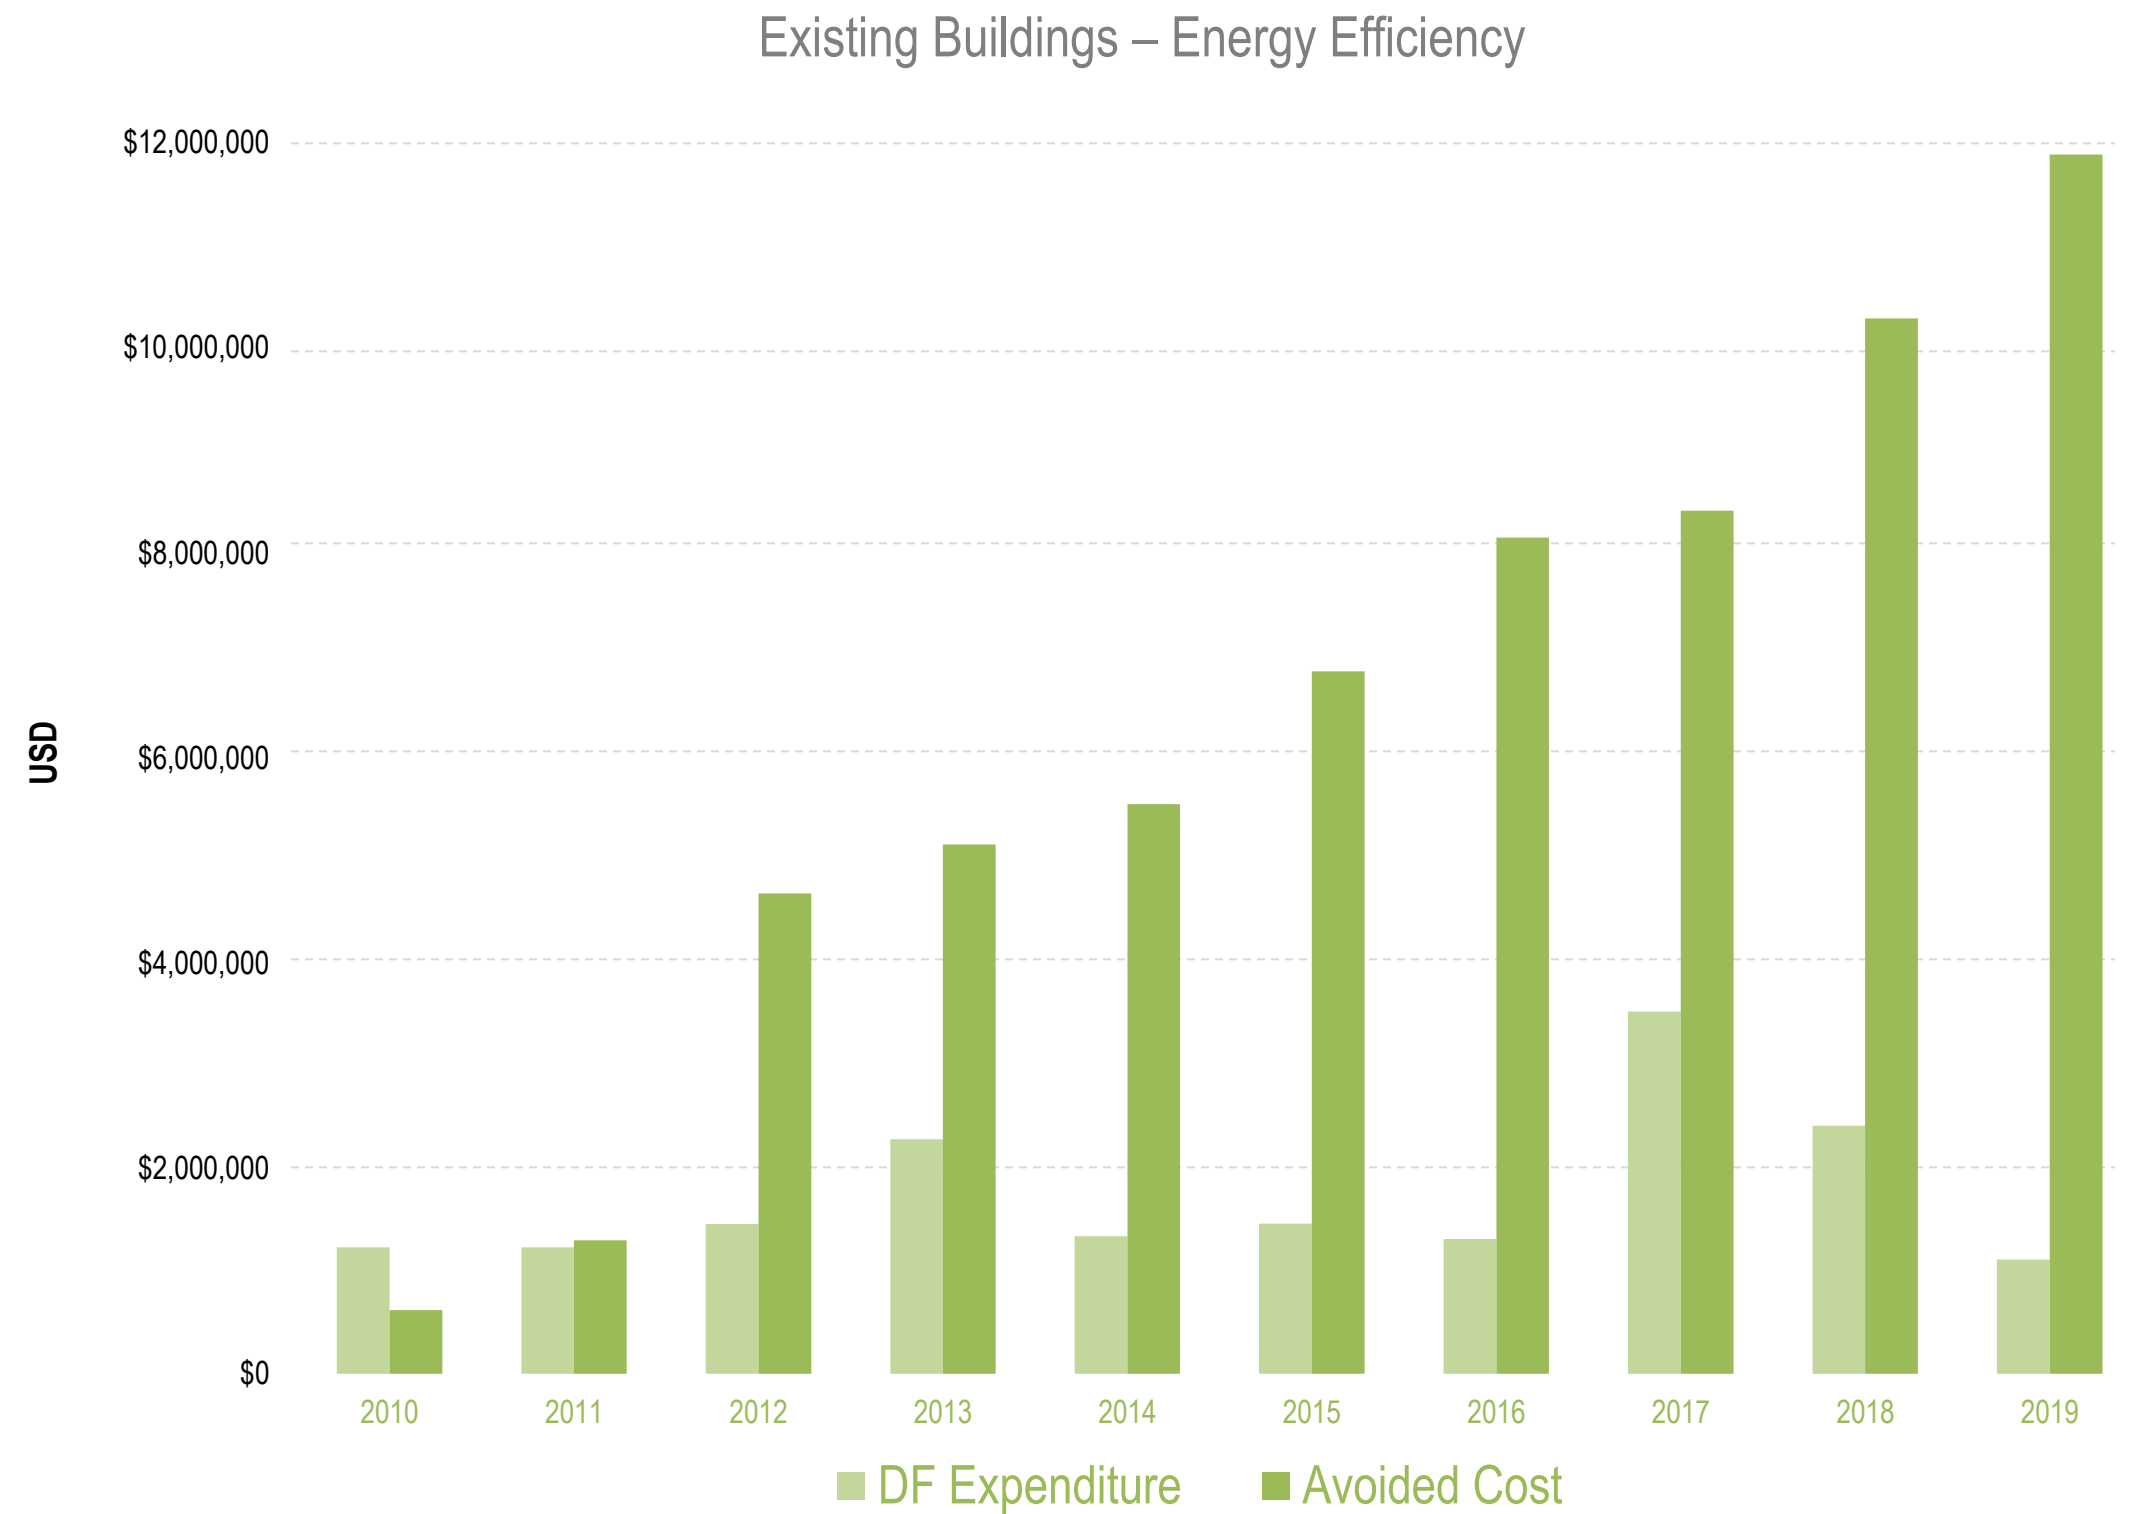

- An internal performance contracting program working to increase energy efficiency and achieve energy savings across nearly 18 million square feet of building space
- Targeting high-energy buildings, projects are funded with investments recovered through guaranteed utility savings

University of Virginia's Office for Sustainability

UVA's Delta Force Program

With \$17.4 million invested in energy projects since 2009, the program has saved \$28.7 million and 180,000 metric tons of CO2 emissions.

Recognition of Service

- David Steiner joined the VAEEC Board of Directors in 2012 as a founding member.
- He served as Board Chair from 2017-2018.
- Welcome to your new role as Director Emeritus!

David Steiner

President and CEO
D+R International

VAEEC 2020

Board Elections

Ensuring energy efficiency is recognized
as an integral part of Virginia's economy and
clean energy future

Board Candidate

Seeking Re-Election

George Barnes
Senior Energy Advisor
Trane

Board Candidates

Seeking Election

Maggie Kelley

Built Environment Project Manager
Southeast Energy Efficiency Alliance

Leigh Anne Ratliff

Account Manager, PJM
CPower Energy Management
