

# Fall 2020 Forum & Virtual Trade Show

November 10, 2020

## 12:00-12:15 pm **Welcome & Updates**

Learn what the current state of energy efficiency looks like in Virginia and hear about the successes of the organization and our members during 2020.

## 12:15-12:30 pm **Exhibitor Showcase & Networking Break**

## 12:30-1:30 pm **Advancing Efficiency with Emerging Technologies**

New technologies are emerging daily, changing the way we live, work, drive, and use energy. Attendees will learn about up-and-coming innovations helping businesses like yours operate more efficiently.

## 1:30-1:45 pm **Exhibitor Showcase & Networking Break**

## 1:45-2:45 pm **Large Energy Users: Efficiency Opportunities & Challenges**

Join this interactive session to influence the VAEEC's future work with this specific group of energy users.

## 1:45-2:45 pm **Keeping Efficiency Strong in the Midst of COVID-19**

It's no secret that COVID-19 has turned normal operations on their head across the world. Utilities, weatherization providers, energy auditors and more have had to change up their typical procedures to keep efficiency moving ahead. This session will look at what implementation and procedural changes have been made and which ones might stay in place long after the pandemic is over.

## 2:45-3:00 pm **Exhibitor Showcase & Networking Break**

## 3:00-4:00 pm **Using Efficiency to Improve Indoor Air Quality**

VAEEC Members are working hard to use energy efficiency to combat the spread of COVID-19. This session will focus on the technologies, programs, and innovations that help keep our buildings safe.

## 4:00-4:30 pm **Networking After-Party**
