VAEEC Events

It's time to be recognized! We're accepting applications for the sixth annual **Virginia Energy Efficiency Leadership Awards**. The awards are a chance for us to showcase how energy efficiency leaders across Virginia are helping businesses, governments, homeowners, and schools save money on energy bills while reducing energy consumption – all while stimulating job growth and our economy. If you have a project or program - or know of one - that is making impressive strides in energy efficiency, submit your application at the link. Submissions will be accepted through **September 13th**.

SEPT. WEBINAR: Innovating the Building Envelope

Sept. 21st - Noon

Upcoming Webinar

Discussions about advanced building technologies and innovations tend to focus on the inside of the building - building automation systems, lighting, heating, etc. But what about the outside? Join the VAEEC on **Tuesday, September 21st** for **Innovating the Building Envelope**, an interactive discussion with building science experts on the frontier of materials innovation.

This webinar and discussion is free but registration is required.

2021 Special Session II

Early this month, the General Assembly convened a Special Session to approve Governor Northam's proposed budget to allocate funds from the federal American Rescue Plan Act. Included in the final budget is \$250 million for K-12 HVAC and indoor air

quality upgrades. Initially, the VAEEC worked with Senator Favola (D-Fairfax) to submit a proposal to the Governor to allocate that \$250 million for school HVAC with stipulations that these projects were completed in a way that maximizes energy efficiency, with a focus on low-income schools. However, those guidelines were not adopted in the final budget. We are continuing to work with Sen. Favola and other partners to submit legislation in January in order to address these issues with future funding.
