SEPT. WEBINAR: Innovating the Building Envelope

Sept. 21st - Noon

Upcoming Webinar

Discussions about advanced building technologies and innovations tend to focus on the inside of the building - building automation systems, lighting, heating, etc. But what about the outside? Join the VAEEC on **Tuesday, September 21st** for **Innovating the Building Envelope**, an interactive discussion with building science experts on the frontier of materials innovation. Hear from:

- **Mike Lyon**, Mid-Atlantic Aerobarrier
- **Aashay Arora**, Enkoat
- **Zack Mannheimer**, Alquist 3D

This webinar and discussion is free but registration is required.

Energy Efficient Solutions are Key to Indoor Air Quality

"As we send our children back to school — some for the first time in 18 months — school systems and state leaders must apply a hard-earned lesson: The air we breathe indoors has great bearing on our health and safety. But we haven't gone far enough to provide school districts with the resources they need to ensure maximum energy efficiency while addressing indoor air quality."

Read our **Executive Director Chelsea Harnish's** op-ed featured in the Richmond Times-Dispatch.
