

Fairfax County Streetlighting Project

OVERVIEW

The County of Fairfax is committed to improving energy efficiency across its portfolio and has **monetized over 1.5 MWs from numerous energy efficiency projects**. Working with CPower, the

County of Fairfax has **received additional revenues for its efforts to reduce electrical consumption** through a variety of project types including **lighting retrofits** and **green buildings**.

RESULTS

Over the last two years, the County of Fairfax has completed multiple phases of a massive streetlighting retrofit project which has resulted in **12,160,632 MWh of energy savings**.

The **Virginia Energy Efficiency Council**, a member-based 501c3, launched the Energizing Efficiency Campaign in 2023 to further the mission of advancing EE across the state by showcasing incredible work being done in our communities and inspiring others to act.
